Jakarta, Indonesia

AI Solution Architect & Data Engineer with experience building production-ready LLM chatbots, automated data pipelines, and enterprise analytics systems for government and energy sectors. Proven ability to improve system efficiency by 20–35% through AI-driven automation.

Work Experiences

Trisakti University - Jakarta, Indonesia <i>Algorithm & Programming Laboratory Assistant</i> Supported Algorithm & Programming (Python), enhancing students' coding proficiency and practical application.	Aug 2023 - Dec 2023
Trisakti University - Jakarta, Indonesia <i>Machine Learning Laboratory Assistant</i> Assisted in Machine Learning, fostering successful project completion and a deeper understanding of core principles.	Aug 2023 - Dec 2023
Ministry of Finance of the Republic of Indonesia - Jakarta, Indonesia <i>Data/Software Engineer</i> - Verified legal parsing results, achieving 98% accuracy in data output. - Managed parsed legal documents, reducing retrieval time by 25% through system optimization. - Automated legal matrix creation, cutting drafting time by 30-35% for legal professionals.	Jan 2024 - Jun 2024
Trisakti University - Jakarta, Indonesia <i>Artificial Intelligence Laboratory Assistant</i> Guided Artificial Intelligence implementations, driving the development of innovative AI solutions.	Aug 2024 - Dec 2024
Trisakti University - Jakarta, Indonesia <i>Advanced Data and Information Management Laboratory Assistant</i> Facilitated Advanced Data and Information Management (PostgreSQL, Cassandra, Kafka, Neo4j), improving students' data handling and analysis skills.	Aug 2024 - Dec 2024
Trisakti University - Jakarta, Indonesia <i>Machine Learning Laboratory Assistant</i> Assisted in Machine Learning, fostering successful project completion and a deeper understanding of core principles.	Jan 2025 - Jul 2025
Trisakti University - Jakarta, Indonesia <i>Data Structure and Algorithm Laboratory Assistant</i> Guide students in applying well-known data structures and algorithms to solve real-world problems.	Jan 2025 - Jul 2025
PT Pertamina (Persero) - Jakarta, Indonesia <i>Risk Infrastructure</i> - Built a chatbot to help all Pertamina staff use the ERMS app, boosting task efficiency by 20–30%. - Designed mockups to help developers better understand user needs and translate them into functional features. - Assisted developers in formulating data logic for Power BI visualizations, improving clarity and decision-making accuracy. - Developing a Python-Integrated Power BI Dashboard for Automated Data Updates of the User Satisfaction Index (USI) for the Risk Management Directorate, Ensuring 99% Data Accuracy.	May 2025 - Oct 2025
Talk-Cloud - Jakarta, Indonesia <i>Solution Engineer</i> - Collaborated with clients to understand technical requirements and deliver tailored software solutions. - Designed and implemented system integrations to improve operational efficiency and scalability. - Provided technical support, product demonstrations, and post-deployment optimization.	Oct 2025 - Dec 2025
Nebula Data - Jakarta, Indonesia <i>Lead AI Specialist</i> - Led AI solution presales at Nebula by translating client business needs into practical, high-impact AI use cases and technical proposals. - Collaborated closely with engineering and product teams to deliver scalable, production-ready AI solutions aligned with platform roadmap and performance standards. - Conducted technical evaluation and testing of AI models and solutions to ensure accuracy, reliability, and real-world applicability before	Dec 2025 - Present

deployment.

Education Level

Trisakti University - West Jakarta, Indonesia <i>Bachelor of Informatics Engineering</i> - Achieving a reward for becoming a student with the highest CGPA. - Achieved a 4.0/4.0 GPA in the fourth and seventh semesters, demonstrating strong academic performance. - Participating in the lecturer's research on LLM-driven RAG chatbots.	Aug 2021 - Aug 2025
---	---------------------

Organisational Experience

Google Developer Student Clubs - Trisakti University <i>Head of Curriculum</i> Developed curriculum and organized workshops on Google technologies.	Jul 2023 - Jul 2024
Informatics Engineering Student Association Board <i>Head of Research & Technology Department</i> Leading to work on programs in the Informatics Engineering Student Association board, especially in research & Technology fields.	Jul 2024 - Jul 2025

Skills, Achievements & Other Experience

Data Academy Workshop (2022): Creating a data visualization with Tableau. Oh Cleaner (2023): A Prototype Design for mobile applications that can be used to order cleaning services using Figma. Pension Fund Project (2023): Developed a Django-based website to record pension fund transactions, improving data management efficiency by 30% through automated data entry and reporting features. Talend Data Integration Workshop (2023): Developed intermediate-level data integration skills using Talend Open Studio. Mentor AI (2025): Developed a conversational AI assistant designed to offer mental health insights and support. ACA Big Data Certification (2024): Alibaba Cloud Certified Associate - Big Data ID: IACA03240800130883L Neo4j Certified Professional (2024): Neo4j Professional Certification SQL and Relational Databases 101 (2025): SQL and Relational Databases 101 Certification by IBM through Cognitive Class Python 101 for Data Science (2025): Python 101 for Data Science Certification by IBM through Cognitive Class SQL by HackerRank (2024): SQL Certification byHackerRank ARA (Artificial ERMS's Agents) (2025): An advanced AI assistant featuring a dual-agent architecture to provide comprehensive support for Pertamina's Enterprise Risk Management System (ERMS).
